

GREENE RUBBER COMPANY

Lunch & LEARN

We will bring our presentation to your facility.

Just give us one hour of your time and we will show you how you can benefit from our products, quality, experience, pricing and delivery. Need more in depth training for your engineering staff? We can provide that as well, with a comprehensive presentation to aid in selecting the right materials and adhesives when designing components and/or assemblies.

What's in it for you?

- No traveling
- Solutions to your sealing problems
- Solutions to your assembly problems
- Solutions to your vibration problems
- Solutions to your design dilemmas

We will bring a technical presentation geared toward your needs, samples of product, design and application staff to answer your questions, and lunch. Just bring an open mind and your appetite!

What Greene Rubber does best:

- Custom Molding
- Custom Fabrication & Converting
- Engineering & Design Services
- Value Added Services
