

GREENE RUBBER COMPANY

Capabilities

Custom Molding

- Design Services
- Custom Molding of Elastomers
- Liquid Injection Molding (LIM)
or Liquid Silicone Rubber (LSR)
- Compression Molding
- Transfer Molding
- Injection Molding
- Over-Molding and
Rubber-to-Metal Bonding

Custom Fabrication & Converting

- Die-Cutting
- Water-Jet Cutting
- Die-Less Knife Cutting
- Rotary Die Cutting
- Slitting/Laminating
- Splicing & Vulcanizing

Engineering & Design Services

- Design Analysis using Nastran® FEA,
Linear & Non-Linear with
professional simulation
- Field Data Acquisition
using LabVIEW® Sound & Vibration
software
- Static & Dynamic Fatigue testing
using Instron® Measuring Equipment
- In-House Tool Design

Value Added Services

- Bonding
- Zoned adhesive application
- Packaging, Marking & Labeling
- Subcontract Assembly
- Bar-Coding
- Managed Inventory Systems

Line Card

Custom Molded Rubber Parts

Sheet & Slab Rubber

Sponge • Foams

Tapes For Cushioning & Sealing

Electrical/Mechanical Tapes

Joining/Bonding Tapes

Chomerics EMI & Thermal Materials

Standard Molded Parts

Tubing: Plastic & Rubber

O-Rings • Extrusions

A FULL LINE OF STANDARD VIBRATION MOUNTS FOR INDUSTRIAL, AEROSPACE AND DEFENSE APPLICATIONS

- Low Profile Mounts/High Deflection Mounts
- All-Attitude Mounts
- High Deflection Mounts
- Low Profile Mounts
- G Series Pipe Hanger Mounts
- Ring & Bushing Mounts
- Cup Mounts
- Bubble Mounts
